Subject: - Updating of Online Affiliated School Information System (OASIS) data- reg.

The CBSE affiliated schools are expected to update their Online Affiliated School Information System (OASIS) data every year except the information pertaining to land and section details. This OASIS data maintained by the Board is used for various activities including examination, result processing and framing policies of the Board, as it is the major source of information of the affiliated school across the country.

The information sought in OASIS has been streamlined by adding certain more fields. However, it has been noticed that some affiliated schools are not updating OASIS data regularly or submitting incorrect data which is leading to wrong or incomplete data with Board and also causing financial burden such as penalty on the schools.

In order to avoid such kind of deviation by the school, it is hereby requested to update Online Affiliated School Information System (OASIS) data before the beginning of next academic session. In case if any schools wants to change / correction in land or wants section increase, if any may apply for the same when the SARAS portal is open.

Further , as per affiliation By-Laws -

Rule 9.3.1 : *The Manager/Correspondent will be an important and necessary link between the Trust /Society and the School. He/She shall be responsible for carrying out the instructions of the Board.*

The Manager of the School is an important point of communication for carrying out the communication given by Board's instructions. Therefore in order to enable the Board to have an efficient communication with the Manager of the school on the issues pertaining to the affiliation and other ancillary activities, a new field of contact details school manager has been added to OASIS. All of the Schools, are therefore required to submit the correct contact details of the Manager of the School while updating the OASIS data.
